2. Investigated Product: PFY exported by the exporters/foreign producers from the Exporting Countries into Pakistan was the product under investigation (the "investigated product"). 5. The above-mentioned exporters/foreign producers have agreed in their respective price undertakings to revise their prices of PFY to be exported to Pakistan. After examination of the price undertakings, the Commission is satisfied that the injurious effect of dumped imports from the exporters would be eliminated and has, therefore, decided to accept the price undertakings offered by these exporters/foreign producers.

9. Acceptance of Price Undertaking: The price undertakings offered by the exporters/foreign producers listed in paragraph 3 above are hereby accepted. The Commission has accepted the price undertakings for, *inter alia*, the following reasons:
